

# ICBO: International Conference on Biomedical Ontology

University at Buffalo, NY ▪ Workshops and Tutorials / July 26-27, 2011

**Venue:** Marriott Buffalo Niagara, 1340 Millersport Highway ▪ Amherst, New York 14221

*NOTE: All Workshops and Tutorials will be held at the Marriott Buffalo Niagara; Room assignments forthcoming.*

## Pre-ICBO Day 1 · Tuesday, July 26, 2011 / Workshops and Tutorials

- 8:00am - 10:00am**    **Workshops and Tutorials Registration**
- 9:00am - 6:00pm**    **Workshop A: Representing Adverse Events**  
Organized by: Mélanie Courtot (British Columbia Cancer Research Centre), Albert Goldfain (Blue Highway, LLC), Yongqun "Oliver" He (University of Michigan Medical School), Alan Ruttenberg (University at Buffalo)
- 9:00am - 6:00pm**    **Workshop B: Working with Multiple Biomedical Ontologies**  
Organized by George Gkoutos (University of Cambridge, UK), Pierre Grenon (European Bioinformatics Institute, UK)
- 6:30pm - 9:00pm**    **Workshop C: Common Logic**  
Organized by: Randall R. Dipert (University at Buffalo), Fabian Neuhaus (National Institute of Standards), Chris Mungall (Lawrence Berkeley National Laboratory) with Bill Andersen (Highfleet Inc.), Alan Ruttenberg (University at Buffalo)
- 8:30am - 12:00pm**    **Tutorial A: Introduction to Ontology Development and Tools – Part I: First Steps in Ontology Development**  
Instructors: Mathias Brochhausen (IFOMIS, Saarland University, Germany), Amanda Hicks (University at Buffalo)
- 2:00pm - 6:00pm**    **Tutorial B: Introduction to Ontology Development and Tools – Part II: Collaborative Ontology Development**  
Instructor: Natasha Noy (Stanford University)

## Pre-ICBO Day 2 · Wednesday, July 27, 2011 / Workshops and Tutorials

- 8:30am - 4:00pm**    **Workshop D: Facilitating Anatomy Ontology Interoperability**  
Organized by: Melissa Haendel (Oregon Health & Science University), Chris Mungall (Lawrence Berkeley National Laboratory), Alan Ruttenberg (University at Buffalo), David Osumi-Sutherland (University of Cambridge), Laurel Cooper (Oregon State University)
- 8:30am - 12:00pm**    **Tutorial C: Ontology Web Services**  
Instructor: Nigam Shah (Stanford University), Mark Musen (Stanford University)
- 8:30am - 12:00pm**    **Tutorial D: Improving Structured EHR Data**  
Instructors: Werner Ceusters (University at Buffalo), William R. Hogan (University of Arkansas for Medical Sciences)
- 12:30pm - 4:00pm**    **Tutorial E: OBI: A Shared Ontology for Representing Biomedical Studies and Resources**  
Instructors: Bjoern Peters (La Jolla Institute for Allergy and Immunology), with Jie Zheng, Philippe Rocca-Serra, Carlo Torniai, Melissa Haendel
- 12:30pm - 4:00pm**    **Tutorial F: From OBO to OWL and Back**  
Instructors: Chris Mungall (Lawrence Berkeley National Lab), David Osumi-Sutherland (University of Cambridge)
- 4:00pm - 8:00pm**    **Doctoral and Post-Doctoral Consortium**  
Organized by: Albert Goldfain (Blue Highway, LLC)
